Other techniques

StazOn Ink is available in 10 colors. You can stamp solid/bold images in StazOn ink. You can sponge StazOn ink onto your project for shading effects.

Stampin' Up! Craft Ink is available in all 48 Stampin' Up! colors. Stamp images with Craft ink for a wide variety of stampable colors. If you stamp with Craft ink, you must heat set the ink prior to sealing. Use heat tool or place tile in 250° oven for 30 minutes.

You can purchase tumbled marble tiles and clear spray sealer at home improvement stores such as Home Depot.
